> HOOPER MADE ASSISTANT TO TRAFFIC MANAGER

ade Good Record Here Wadleigh General Passenger Agent of the Rio Grande, October First.

DENVER, Sept. 27.—Announcement was made tonight by A. S. Hughes, general traffic manager of the Denver & Rio Grande railroad, of the appointment of S. K. Hooper, general passenger agent, to the position of assistant to the general traffic manager. Mr. Hooper will be succeeded in his present position by Frank A. Wadleigh, assistant general passenger agent. The changes are effective October 1.

changes are effective October 1.

Information to the above effect reached Salt Lake early yesterday and emised a flutter in railroad erroles Major Hooper is too well known and liked to need any eulogy, but the fact that he has revelved an honorary promotion is good news to his friends. Ever since the close of the war, or in 1866, he has been actively engaged in railroading, and for the last twenty-six years he has guided the destiny of the passenger department of the Rio Grande with honorand eredit to himself and net results of volume to his company. He will be 79 years of age next May, and with the lighter and more advisory duties of assistant to the general traffic manager has friends expect to wish him good luck upon May 30 for years to come.

Mr. Wadleigh is likewise well known here as prior to the consolidation of the Rio Grande Western and the Denver & Rio Grande Western and the Denver & Rio Grande was percell passenger agent of 4Ne former with office here, and has a host of freinds to wish him well. He is a splendid advertiser and a thorough passenger man, so the administration of the department is bound to be a success under his guiding hand.

DONALD STUBBS DIES

FROM BULLET WOUND

CLEVELAND, Ohio, Sept. 27—Donald P. Stubbs, son of John C. Stubbs, director of traffic of the Harriman lines, who was found in the effices of the Union Facific railroad here at midwight on Saturday with a revolver bullet wound over his heart, died tonight.

According to the story told by young Stubbs before his death, the shooting was accidental, occurring while he was examining a new revolver. He was alone in the offices.

examining a new revolver. He was alone in the offices.

The father and mother of the young man were with him at the time of his death which was not unexpected, although he railied slightly during the day. The body will be taken to Ashland, Ohio tomorrow morning for interment in the family burial place.

Mr. Stubbs was 20 years old, and for the last six months had been general agent of the Union Pacific railroad hiths city. He was married in June to Miss Marguerite Wheeler of New York.

AMUSEMENTS

IN SALT LAKE THEATERS. .

ALT LAKE THEATER Henry Miller in "Her Bustand's Wife" Thursday and Friday evenings

REASON FOR ADVANCE T CASINO THEATER-All week. Ad-

The Garrick Boater will doubtlessly be empacity business for the entire week of William Ingersell and company in thei production of "The Wolf." The story of "The Wolf" is of the deepest interes throughout and holds the large audience from the commencement. It is a story of the Canadian northwest, and contain all the elements of the believe vale note. all the elements of the bigher grade melo-drama. The action is very rapid, and the situations are suspenseful, with not even the suggestion of a lag or a dult moment to cause the audience to lose interest. Regiming next Sunday night, Mr. In-gersoll will appear at the bead of ins-company in "A Virginia Courtship," which will give him an excellent oppor-tunity to present to the Salt Lake thea-ter-going public another character which will further strengthen the opinion that he is the most versatile actor that ever appeared in Salt Lake stock productions.

People who like variety admire the week's programme at the Orphoum very much. The bill is excellently varied and

the acts have been making a tremendous noon. Mr. Mack is already well into the hit ever since the opening. Despite strong rehearsals of "Chrafe" with his company, counter attractions, the house has been the present all at at the Simbert, vandesked every night while the mattness will, is playing to everteen houses, are well attended.

Preparations are going sapidly alread oight in the Salt Lake theater by Franciscus at the Sanbert Saburday after-person has been perspected to Getober 1

The two performances of this play presented at the Colonial Sunday were enthusiastically received. the county—established grides for its own convenience in some places, chauging the grade as much as four or five feet, filling is only so much of the readway as suited their own necessities. It has established a transformer house that has occupied the public highway for months. They say they are going to move it soon, but there is no sign of such recovery.

has established the public highway for morths. They say they are going to move it soon, but there is no sign of such removal.

There is apparently a sinister committance between the railway company and the county commissioners. With the change of grades along the state road south of Murray has arisen the necessity of meeting the new conditions as to that portion of the roadway not occupied by the tracks, and about one mile south of Murray, where there was a change of grade between one and three feet, the railway company having filled their portion with gravel hauled in freight cars over their own roadbed, which has given them an excellent supporting grade. While the county is now engaged in meeting the change of grade by banding in material so absolutely in fit for any perfition of a roadbed, whether for subgrade or surface, as to become not only a disgrareful expenditure of public moneys, but a menace to the traffic which will be compelled to go through it, as in no condition will anything at any time go over. This interningled with what may be termed a dry quelchand—having no grid, no wearing quality whatever, and when thoroughly wetted, no angle of repose. At the present moment this worthless material to a depth of at least a foot. It is hauled nearly a mile, when another quarter of a mile would give then a cees to the mountain of sing at the American Smelting and Refining company's smeller. Under such conditions such road building, if it can be so tenned, is such a barefaced misappropriation of the public funds that it might almost be termed as criminal. Apart from the state road, the drainage aystem put in in the vicinity of Commissioner John C. Mackay's home for Mackay's henefit and some triating repairs on the roads leading to Mackay's home for Mackay's henefit and some towards the maintenance, let alone the betterment of the county's road system. Tenthousand dollars a month judiciously expendid should build aim danintain a very excellent road system in Salt Lake county, but under the present administrat

INDICATE BAD BLOOD

Where the blood is pure any wound

or laceration of the flesh heals "by first intention." This is true because nature has provided a constituent to the circulation known as Plasma, which joins and holds the place together until the fibres and tissues can permanently knit and interweave. Whenever the ulcer becomes chronic it is because this healing quality of the blood has been impaired by some impurity in the circulation, and the place remains open, infecting all surrounding flesh, until the character of the circulation is changed. No sore can heal where the blood is bad; because the morbid impurities on which it thrives are constantly deposited into it by the burdened circulation. Cleanse the blood and the sore will heal of its own accord, because then its very source and foundation will have been destroyed. S. S. S. cures Chronic Ulcers of every kind for the one great reason that it thoroughly purifies the blood. It goes into the circulation and removes every particle of infectious or

the necessary plasmic qualities of this vital fluid. No matter from what source the impurities of the blood came, S. S. S. will remove them. Book on Sores and Ulcers and any medical advice free to all who write. THE SWIFT SPECIFIC CO., Atlanta, Ga.
